

HOT EXTRACTIVE ANALYSER CEMS SYSTEM

Z2. 2

Configuration

- Simple probe installation on stack
- Sampling automated no manual sampling necessary
- With heated sampling line
- Multi component Measurements
- Easy calibration, Manual/Auto calibration
- Single or multiple probe system from 2 to 5 probe.
- Analyzer Shelter with HVAC
- Self-standing cabinet with AC/Vortex cooler
- Safe Area, Purge panel & Exd options available

Measurements

- CH₄ , CO & CO₂, SO₂, O₂
- THC, NO_x , NO, SPM, Opacity & Particulate

INTEGRATED SOLUTION
